ABOUT US
«RUSSIA EXPERIENCE ITALY»

MOTTO: Our motto are the words of Puskin:
“A ceaseless desire for change of place, a very tortuous sensation”.

Russia Experience Italy is born in 2011 from the desire of two young entrepreneurs to create a reality blending their knowledge of Italy with their passion for Russia.

Our aim is to enhance the richness of Italian culture by providing our clients with carefully selected qualified professionals and a modern, nimble and flexible infrastructure. We would like to create a symbolic bond so as to develop tight cultural and economical connections between two worlds which are far from each other only geographically. By closely observing Russia and Italy, we are able to analyze their differences and similarities thus finding a meeting point. The differences become reason for bonding, providing enriching opportunities and finding a common denominator: knowledge and sharing.

Russia Experience Italy is a Company which speaks your language, based on business transparency and aiming to reach specific goals. As the success of a company is in its capacity to build long-lasting relationships, we are specialized in a broad range of consulting services – specifically for Russian clients – which we are confident will be well received.

The Company is constructed as one close-knit unit and a network of collaborators able to deal with and fulfill all of our client's requests, even the most sophisticated.
